

## AHH-UK ANIMAL CHARITY

### Using anxiety remedy

**Wait until first bang/sound or the moment just prior to a situation that puts the dog into an anxious state , then give 6 drops. Wait 15 mins, if animal not settled, dose again. You can do this 4 times in a hour but usually this is not needed.**

### HOW TO DOSE A HOMEOPATHIC REMEDY

#### PLEASE READ AND NOTE ITEMS IN RED

We will not be held responsible for any problems related to incorrect dosing and quantity given. Or for medical information not given to us by the client which may be a factor in any treatment. This document is very clear on dosing. Please use it.

**With Spray just hold UPRIGHT and spray the remedy anywhere into the mouth. Under the tongue is most effective but along the gumline or tongue is fine.**

With drops, lift side of mouth up and just drop liquid anywhere into the area, onto gums etc.

### FOR ALL REMEDIES

If you have extreme difficulty doing the above, put drops onto a tiny piece of bread and give OR add to the smallest amount of milk possible and dose

Do not handle remedies: If dropper touches anything, sterilise before replacing in bottle

Keep in cool place, out of Sunlight : Do not Fridge

Give half an hour before OR an hour after food – this can be reduced to 15 minutes if necessary either side

Give all remedies as Directed

Do not store with strong flavoured substances & Avoid mint, garlic and other strong flavours whilst using \*add Alcohol, Coffee, Tea & Cigarettes if for human consumption. Wait at least one hour after remedy has been taken before using any of the above and an hour prior to taking remedies for best results.

If giving multiple remedies, try to space them apart by about 3-5 minutes.

### **Before dosing bang bottle sharply twice on palm/heel of hand**

**NOTE:** Plastic bottles, specifically made for homeopathic remedies so there is no leaching, may not be sterilised. Dispose of bottle, keep dropper. If you re going to re-fill them with the same remedy they can be re-used.

**ADULTS, ADULT ANIMALS 6 DROPS ( 2-3 pumps)**

**CATS, KITTENS, CHILDREN, and OTHER SMALL ANIMALS UNDER 15KG 3 DROPS UNLESS YOU ARE GIVEN DIFFERENT INSTRUCTIONS (1 pump)**

**HORSES USUALLY 10 DROPS (4-6 pumps)**

**READ LABELS FOR INSTRUCTIONS ON BOTTLE PLEASE**

MOST OF OUR REMEDIES ARE NOW IN SPRAY FORM. THIS IS BECAUSE MANY CAN BE USED TOPICALLY AND WE CAN ALSO PRODUCE MORE TOPICAL TREATMENTS. IF THIS IS A PROBLEM FOR YOU AND YOU REQUIRE DROPPERS, LET US KNOW AND WE WILL DO OUR BEST TO HELP YOU.
