

IRISH RETRIEVER RESCUE UK

SPONSOR A DOG

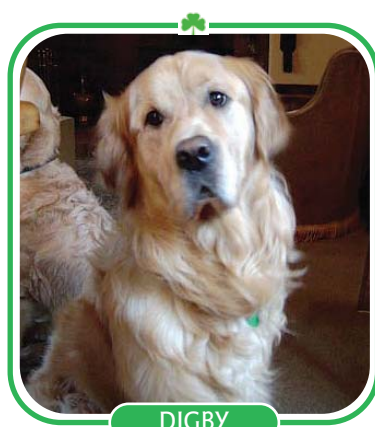

**These dogs, and more like them, have all been rescued
by Irish Retriever Rescue.
Now they help others by being sponsor dogs.**

ALICE

Alice came from a puppy farm. She was used extensively as a breeding bitch and was so terrified that she just crawled on her belly. Alice is now in a wonderful forever home where she has learnt to walk and run free like a normal dog again.

DIGBY

Digby has lost a leg. He has never let his disability bother him although it was clearly the reason why he was abandoned. Digby is now in a wonderful forever home together with lots of other lucky rescued animals and he is totally adored by everyone.

STEVIE

Stevie is blind. He was found by an ISPCA inspector in a dilapidated shed where he had spent much of his life alone. Despite this, he is exceptionally bright and is taking agility classes just like a normal dog - truly an inspiring ambassador for all disabled dogs.

**For just £10 a year you can sponsor one of our dogs for yourself,
or as a gift for a friend. This will help save many more
dogs from life-threatening situations.**

When you become a sponsor, your chosen dog will send you a certificate with a photograph, plus regular updates about their progress. Your sponsor dog will also remember your birthday, send you greetings at Christmas and your name will be published on our Sponsor Page.

To see all our sponsor dogs, or for more information about how Irish Retriever Rescue UK helps abused, abandoned, neglected or simply unwanted dogs, please visit our website.

From all our dogs, a very big thank you for taking the time to read this.
